

Capital Club
Dubai

FACT SHEET

capitalclubdubai.com

Located in the heart of the DIFC, Capital Club Dubai is an eclectic global collective of business leaders, sharing a common curiosity, who possess the means to determine their vision for a better future. The primary aim of the Club is to inspire Members through facilitating a stimulating environment of curated experiences that will awaken creativity and augment their network.

Through meaningful conversations we believe the Members can derive actionable insights and identify unanswered questions, bringing the world's greatest minds and/or government representatives where necessary to help answer the same.

These encounters will likely enable the convergence of disparate ideas/technologies, past, present, and burgeoning into new discoveries with the potential of turning current challenges into future opportunities, thereby endeavouring to make the Club the voice of business in the UAE.
